ZEV Market Development Strategy

April 8th, 2021

CALIFORNIA

Tyson Eckerle Governor's Office of Business & Economic Development (GO-Biz)

Executive Order N-79-20

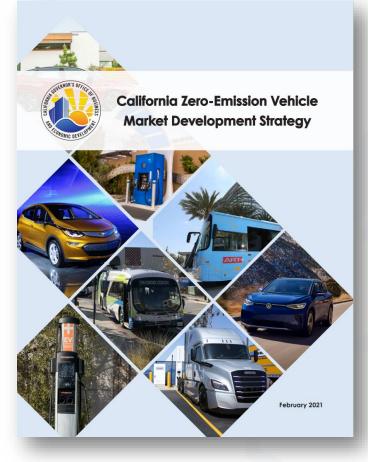

Sets three crucial goals for the ZEV Market:

- 1. 100% of in-state sales of new passenger cars and trucks will be zero-emission by 2035.
- 100% zero-emission medium and heavy-duty vehicles in the State by 2045 where feasible and by 2035 for drayage trucks.
- 3. 100% zero-emission off-road vehicles and equipment by 2035, where feasible.

ZEV Market Development Strategy

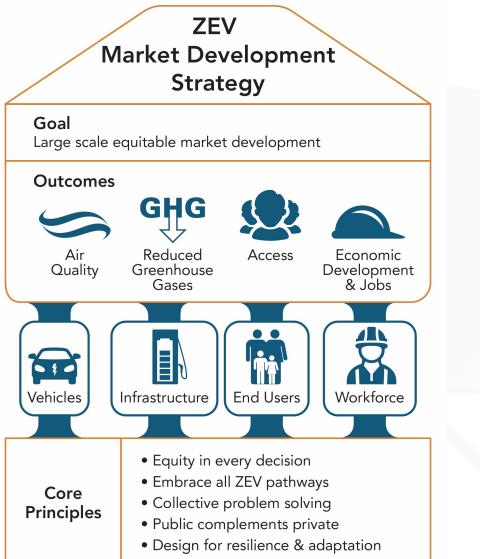

- 1. Articulate **core principles** for collective action
- 2. Clearly identify **metrics/targets**
- 3. Establish **Roles/objectives** of agencies and major stakeholder groups
- 4. Organize **collective problem-solving** Increase transparency and target stakeholder engagement
- 5. Ensure **lessons learned** are accessible and incorporated

Empower actors to exceed expectations

Zero-Emission Vehicle Market Development Strategy

The ZEV Market Development Strategy is meant to help California collectively move forward and deliver zero-emission benefits to all Californians. It outlines how state agencies and stakeholder groups key to our transition can move together with the scale and speed required to reach the state's ZEV targets:

100 %

of in-state sales of new passenger cars

and trucks will be zero-emission by

2035.

100%

of medium- and heavy-duty vehicles in the State will be zero-emission by 2045 and by 2035 for drayage trucks. 100%

of off-road vehicles and equipment will be zero-emission by 2035.

Stay Engaged!

The ZEV Strategy is a living document that will adapt overtime based on feedback and lessons learned. If you have questions or feedback, please email us.
